

ASSIGNMENT – 1

Assignment Date	10 September 2022
Student Name	Manoj Godwin M
Student Roll Number	95071915025
Maximum Marks	2 Marks

The case of 50 Startups

Overview

In this article, we will be exploring the profit from the startup's dataset with the features available to us. We're using the 50-startups dataset for this problem statement

How do startups work?

Well, we can say that startups pipeline operates on the same principles which are similar to other MNCs the major difference between both of them is that on the one hand startups work to make products that are beneficial for the customers on a small scale while other established companies do that work on a large scale by re-doing something which is already being done. How startups are being funded?

About the 50 startups dataset

This particular dataset holds data from **50 startups in New York, California, and Florida**. The features in this dataset are **R&D spending, Administration Spending, Marketing Spending, and location features**, while the target variable is: **Profit**.

- 1. R&D spending:** The amount which startups are spending on Research and development.
- 2. Administration spending:** The amount which startups are spending on the Admin panel.
- 3. Marketing spending:** The amount which startups are spending on marketing strategies.

4. State: To which state that particular startup belongs.

5. Profit: How much profit that particular startup is making.

Challenge:

Upload the dataset to Cognos Analytics, explore and visualize the dataset

Uploading the Dataset:

Step 1 :

The screenshot displays the IBM Cognos Analytics with Watson user interface. At the top, a dark blue header bar contains the text "IBM Cognos Analytics with Watson" on the left, a notification badge with the number "354" in the center, and a search bar with the placeholder text "Search content" on the right. To the right of the search bar are icons for help, notifications, and user profile. Below the header, a light gray sidebar on the left lists navigation options: "Home", "+ New", "Upload data" (highlighted with a blue arrow icon), "Content", "Recent", and "Manage". The main content area features a large dark blue banner with the text "Cognos Analytics with Watson." and an illustration of a data cube and server racks. Below the banner, three light gray cards are visible: "Prepare data" (with a data cube icon), "Exploration" (with a magnifying glass icon), and "Present data" (with a bar chart icon). Each card contains a brief description of its function.
