

ASSIGNMENT – 2

Assignment Date	24 September 2022
Student Name	Abhishek Periasamy
Student Roll Number	95071915002
Maximum Marks	2 Marks

QUESTION:

Pharma Sales Dashboard

Description :- Sales of Pharmaceutical products, which may include medicines, surgical devices, consumables of any form, machines, and equipment used in surgeries are called Pharma Sales. The target audience is doctors of any kind, chemists, and/or purchase in charge in hospitals or pharmacies.

Pharmaceutical sale is very different from regular sales of any kind right from the product to the customer to the process of selling. Of all the sales, Pharmaceutical sales are considered to be one of the most lucrative and most challenging jobs requiring a lot of learning on the salesperson's part.

Like every sale, there is a buyer and a seller. In this case, the buyer depends on the product of the manufacturer. We will consider all of the buyer kinds.

1. A buyer for medicines of any kind – Chemist, Distributor, Hospital Pharmacies
2. A buyer for medical devices, instruments, implants – Doctor, purchase officer

About the Pharma Dataset:

Let's understand the features of the dataset:

1. Month- January -December Months Data.
2. Customer- Hospitals & Organizations.
3. Period- Q1-Q4 are the four quarters which show the sales record quarterly.
4. Product- Different Tablets for diseases
5. Location-Sales in different regions,
6. Sales Rep- Sales Representative who sells pharma products.
7. Supplier-Pharmaceuticals companies are those who supply their products.
8. Warehouse Location- A warehouse location is a region where companies storing goods.
9. Actual-Actual sales for the product.

10. C.sales -Customer Sales for the product.

11. Inventory Stock: Inventory stock refers to the goods and materials that a business holds for the ultimate goal of resale.

12. L.sales -Location Wise Sales for the product.

13. M.sales -Monthly Sales for the product.

14. Received Inventory- Creating a safe, fast, and organized process for handling received inventory. Accurately track your goods from when they arrive in your warehouse to when they are shipped to your customer.

15. Rep. sales- Representative Sales for the product.

16. Target- Target sales for the product.

Download Dataset:- [Pharma-Sales-Dataset](#)

Challenge:- Upload the dataset to Cognos Analytics, prepare the data, explore and Create Interactive Dashboard.

Task 1: Sales By Customer.

Task 2: Sales By Location.

Task 3: Sales By Sales Representative.

Task 4: Received Inventory From Supplier

Task 5: Inventory Stock for Warehouse Locations

Task 6: Sales Trend

Task 7: Monthly Sales

Task 8: Actual and Received Inventory by Month

Uploading the dataset to IBM Cognos Analytics:

Step : 1

The screenshot displays the IBM Cognos Analytics with Watson user interface. At the top, a dark blue header bar contains the text "IBM Cognos Analytics with Watson" on the left, a notification badge with the number "35" in the center, and a search bar with the placeholder text "Search content" on the right. To the far right of the header are icons for help, notifications, and user profile.

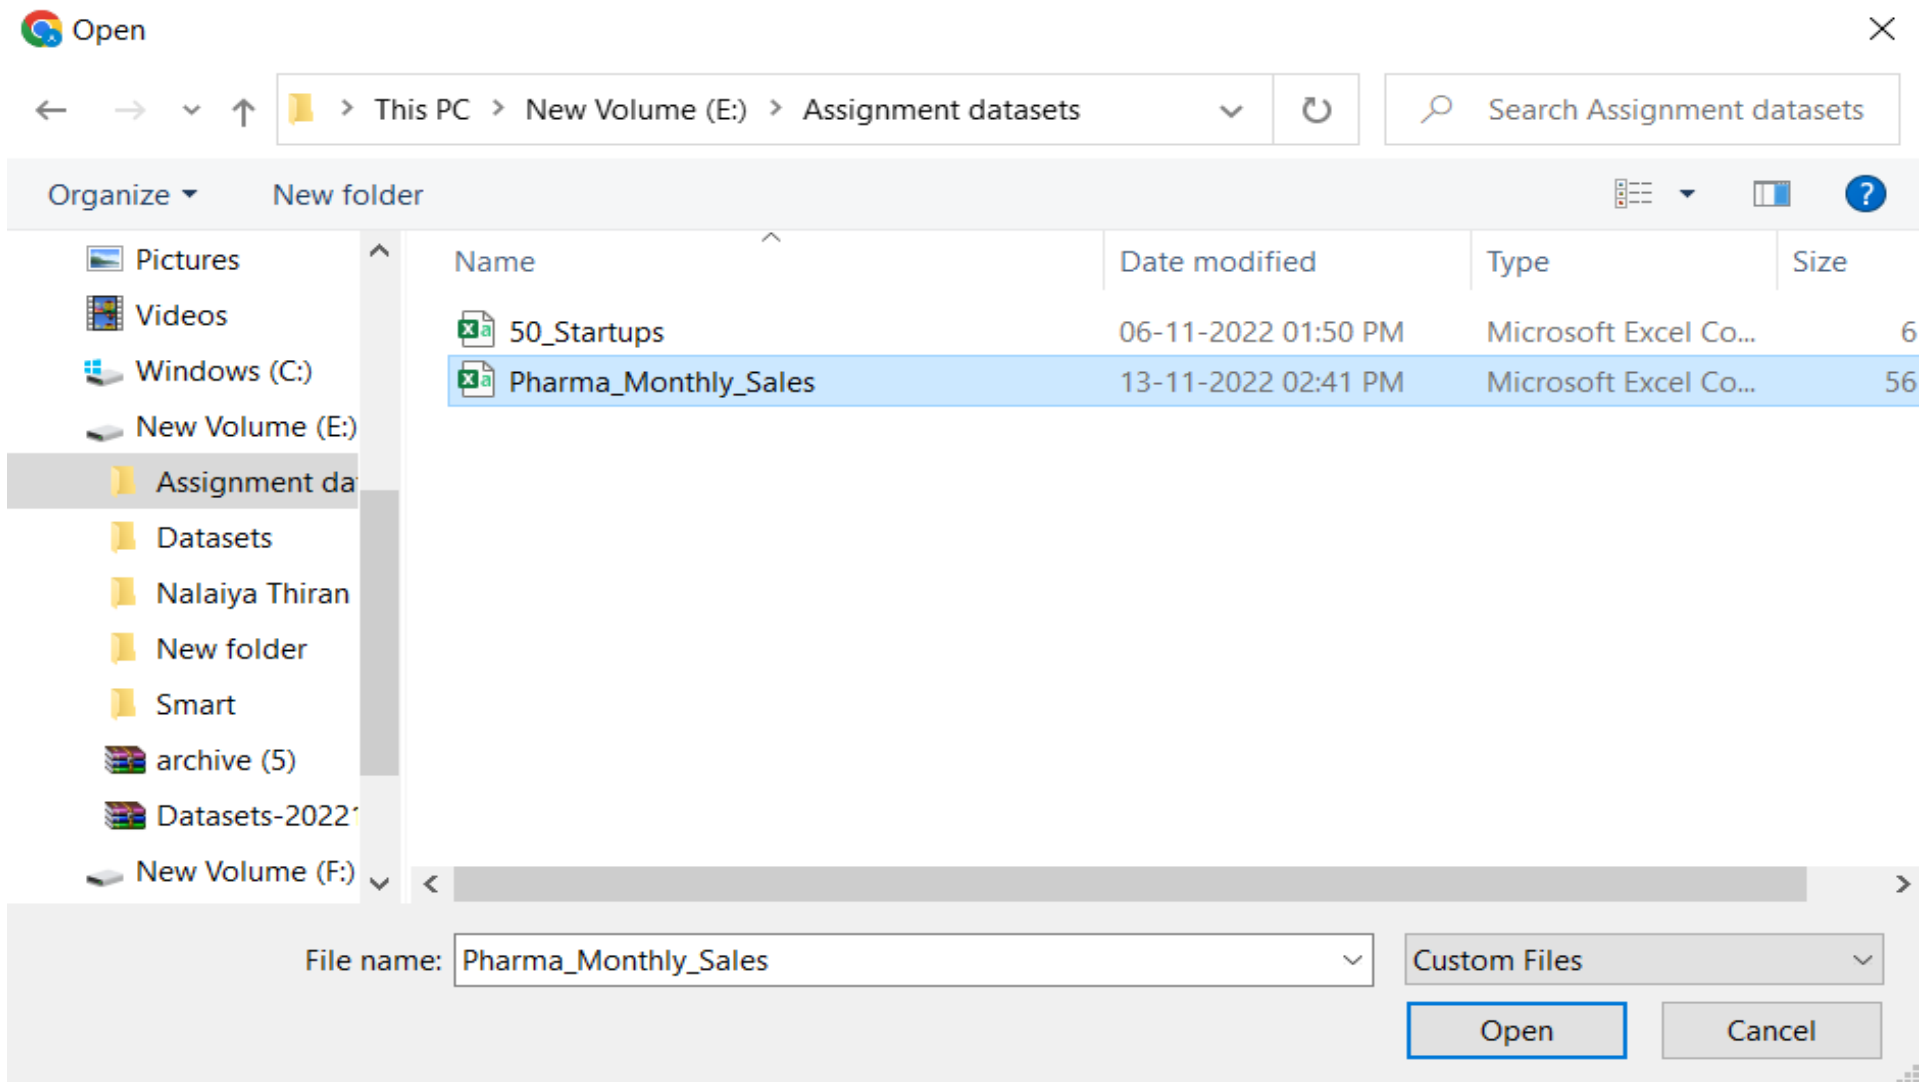

Below the header, a light blue banner contains the text "completed. Click More Info for details and to subscribe to future events" on the left, and "Dismiss" and "More info" buttons on the right. The "More info" button has a right-pointing arrow.

The main content area features a large dark blue hero section with the heading "Cognos Analytics with Watson." in white. Below the heading, there is a line of text: "Taking a look at our introduction video, product tour and Getting". A blue button with the text "Take a product tour" is positioned below this text. To the right of the text is a large, stylized graphic composed of blue and purple cubes and spheres, connected by dotted lines, representing data and analytics.

On the left side of the interface is a vertical sidebar with a light gray background. It contains several menu items: "Home" (with a house icon), "+ New", "Upload data" (with a document icon), "Content" (with a folder icon), "Recent" (with a clock icon and a right-pointing arrow), and "Manage" (with a person icon).

At the bottom of the interface, there are three light gray rectangular cards. The first card is titled "Prepare data" and features a blue icon of a document with a checkmark. The text below the title reads: "Use data modules to clean and connect data from multiple resources." The second card is titled "Exploration" and features a blue icon of a magnifying glass over a document. The text below the title reads: "Quickly find unbiased answers by identifying trends in your data with data exploration." The third card is titled "Present data" and features a blue icon of a presentation screen. The text below the title reads: "Create sophisticated, multi-page, multi-query dashboards, reports, or stories."
